

How to schedule PawCall® call mode and game mode

1. Login to the web app (chat.petchatz.com) using a Google Chrome web browser or open the PetChatz app on your iOS device.
2. Click on the menu (three lines) in the upper right hand corner to access your settings.

3. From the settings menu, click on Device Settings > PawCall.
4. Set your time zone.

5. Click on the day you want to schedule, next toggle on call mode and/or game mode – then click on the hour/minute and AM/PM to set your desired time.
